Developmental Disabilities (ID/DD) Case Management is a person-centered service that connects individuals with a developmental disability to service systems and community supports to address specific, multiple, and/or changing needs. Case management assists individuals and families in gaining timely access to essential medical, psychiatric, social, educational, vocational, and other supports in order for each individual to reach their personal goals. Case Managers monitor the individual's progress within service systems and coordinate supports to assure comprehensive and quality care. These services are designed to support each individual in living a safe, healthy, and productive life as independently as possible.

Service Area(s)

Albemarle County

,

Charlottesville City

,

Greene County
