Friendship Industries provides commercial work and training opportunities for persons with disabilities. Able Solutions was created to serve a wider range of people who face barriers to workplace readiness, including a lack of English-speaking/reading skills, attendance issues, and recovery from drug and alcohol addiction.

The Personal Improvement Center assists employees in reaching their personal goals by connecting them to local resources in the community, such as language classes, housing services, transportation options, and food resources. When an employee is ready to move on from Friendship Industries and Able

Solutions, they can use the PIC computers to look for other jobs and fill out job applications.

Call the office for more information about transportation options.
