Better2gether values the opportunity for parents to obtain important information and connect with others to help them care for their children.

MOMENTS is a support group specifically designed for caregivers of children with complex medical conditions. Through a partnership with Children's Hospital of Richmond at VCU, monthly meetings are facilitated by professionals providing both educational programming and group discussions. We provide a safe, nurturing, and supportive community for the many defining moments you experience while caring for a child who needs medical care. Caregivers can connect through workshops, speakers, and other educational opportunities.
