**** Special Federal ID Requirements For Certain First Time Absentee By Mail Voters**

For persons who registered to vote in Virginia by mail, federal law requires them to show identification (ID) when voting for the first time in a federal election if they did not send a copy of one of these IDs with their voter registration applications. Recent legislation has eliminated the differences in acceptable identification for in-person voting. Therefore, the special federal ID requirements only apply to certain absentee voters by mail who will be notified by a notice explaining the requirements sent with their absentee ballot. Voters who receive a notice about this special requirements need to include a copy of any of the following types of ID with the voted ballot:

- A current and valid photo ID (for example a driver's license);
- or a current utility bill, bank statement, government check or paycheck that shows name and address;
- or another government document that shows name and address (for example a voter card). If the voter returns an absentee ballot by mail without a copy of one of these forms of ID, the absentee ballot will be treated as a provisional ballot and counted only if the voter provides a copy of ID to the electoral board by the deadline applicable to all voters.

If the voter returns an absentee ballot by mail without a copy of one of these forms of ID, the absentee ballot will be treated as a provisional ballot and counted only if the voter provides a copy of ID to the electoral board by the deadline applicable to all voters.
