The Support Services of Virginia Day Support program provides a planned day program for individuals with developmental and/ or physical disabilities. Participants are involved in activities that promote social functioning and independence. Skills

are also promoted that help maintain health such as self-care, hygiene, meal preparation, and medication management. Recreational and social activities are jointly planned by participants with the staff. Activities provide opportunities to build basic skills for employment and independent living such as carrying out tasks, becoming a member of a group, communicating with peers and others and using community resources.

We provide supports for an individual who is/has:

- Intellectual disability,
- Co-occurring diagnosis,
- Mental health disorder,
- Limited mobility,
- Autism or autism spectrum disorders,
- Geriatric or shows signs of premature aging.

The site is a resource center for SSVA residents as well as a traditional Day Support site for individuals living outside the SSVA family.
