The Junction Center for Independent Living (JCIL) provides four basic core services to persons with disabilities: peer counseling, independent living skills training, information and referral and individual advocacy. Other services include community education, technical assistance, Personal Assistance Services (PAS), recreational activities, equipment loan and more.

Pharmacy Connect provides assistance accessing medication programs offered by various pharmaceutical manufacturers for needed maintenance medications. Call the office for eligibility and more information.

Centers for Independent Living, often referred to as "CILs" are non-residential places of action and coalition, where persons with disabilities learn empowerment and develop the skills necessary to make lifestyle choices. Centers provide services and advocacy to promote the leadership, independence and productivity of people with disabilities. Centers work with both individuals as well as with the local communities to remove barriers to independence and ensuring equality of persons with disabilities.
