Crater District Area Agency on Aging offers a Weatherization/Winterization program. This program provides funds to reduce the heating and cooling costs for low-income families, and to ensure their health and safety. Priority is given to the elderly, individuals with disabilities, and families with children.

These services include energy education, a home energy audit, heating system efficiency and safety inspections, heating system repair and/or replacement, insulation services, duct system diagnostics and repair, blower door directed air sealing, carbon monoxide testing, and other energy efficiency and conservation measures. Please call for more information.
