Appalachia Service Project offers an Emergency Home Repair Program. The program improves housing conditions and opportunities for low and very low-income Virginians. The program provides funds to remove imminent health and safety hazards, and/or barriers to habitability in their home.

Eligible repairs can include plumbing, structural, electrical, roofing, wheelchair ramps, and handicapped accessible appliances.

Other housing service programs offer a variety of services, including moderate to major rehabilitation, new home construction and finance. The goal is to make homes "warmer, safer and drier".

Virginia's Lee County-Jonesville Year Round Center is located at:

383 ASP Drive, P O Box 250, Jonesville, VA 24263

Phone: 276-346-3377, Email: VAJonesville@asphome.org

Year round, the program is offered in Lee County. During the summer months, the program is offered in several Southwestern Virginia localities. Please call to see which localities are being served.
