Charter Oak provides a planned day support program for individuals with developmental disabilities and physical disabilities. Participants are involved in activities that promote social functioning and independence. The program promotes independent living skills that help maintain health such as self-care, hygiene, meal preparation and medication management. Recreational and social activities are jointly planned by participants with the staff. Activities provide opportunities to build basic skills for employment and independent living such as carrying out tasks, becoming a member of a group, communicating with peers and others and using community resources.
