STEPS is a private, non-profit organization that provides job training and development for individuals with disabilities and TANF recipients which will lead to an employment outcome. These outcomes can range from employment within one of STEPS' facilities to working in an unsubsidized community job.

STEPS provides work evaluation and assessment, training, and support in their community-based employment programs for people with economic barriers to employment. STEPS services include:

Workplace Supports Program

Provides and assists TANF (Temporary Assistance to Needy Families) clients with job placement, retention, and support to become financially independent. Funding sources include the Workforce Investment Board and the Department of Social Services.

Work Adjustment Classes

Structured plan for providing instruction in activities, which are designed to enhance clients' employability. Funding sources include the Workforce Investment Board and the Department of Social Services.

Supported Employment

Provides intensive training and support services at an integrated job site for a competitive industry following job development and job placement assistance. Funding sources include the Department of Rehabilitative Services.
