The St. Coletta of Greater Washington Adult Program offers adults age 18 and older opportunities to participate in vocational and employment readiness training, supported employment, life skills training, and community integration in order to achieve greater independence. The program evolves to meet the needs of each participant and to find outlets for their many talents. The approach is person-centered, so each participant can work toward their goals.

The program combines work opportunities, enrichment activities and life skills training in ways that suit the participant. The main focus, as in all St. Coletta programs, is community integration. The program favors real world, hands-on activities that allow individuals to be part of the wider world and participate in all aspects of community life. St Colletta offers opportunities for competitive and volunteer employment for those who are capable of working with support, as well as employment readiness activities.

Items created by participants available for sale online at [Coletta Collections](#).
