Hearing Healthcare of Virginia offers a full range of diagnostic and preventative hearing healthcare professional services. Services can include hearing aid assessments, evaluations, hearing aid sales and rehabilitative and preventative counseling.

Identification of the patient's amplification requirements and selection of the instrument for the patient's needs and lifestyle. Choices cover wide range of choices, including digital and programmable technology.

Also performs computerized real ear measurements. These measurements allow us to verify that the hearing aids are providing the correct amount of amplification. We can also evaluate any hearing aids presently in use and can arrange for any repairs when necessary.

Service Area(s)

Albemarle County

,
