The Western Tidewater Community Services Board (WTCSB) Pathways Day Support Services is a non-residential structured program of activity or training for adults with developmental disabilities. Through individual and small group instruction opportunities are provided for peer interactions, community integration and adaptive skills through integrated day activities while providing support to ensure each individual's health and safety. The program goal is to maximum independence.

Pathways offers center-based respite with a planned day program for individuals with developmental and physical disabilities. Individuals participate in activities that promote social functioning and independence. Individuals learn skills to maintain health such as self-care, hygiene, meal preparation and medication management. Recreational and social activities are jointly planned by participants with the staff. Activities build basic skills for employment and independent living such as carrying out tasks, becoming a member of a group, communicating with peers and others and using community resources.
