English

VersAbility Resources offers a person-centered approach to activities and new learning experiences for adults with intellectual and developmental disabilities. These services are provided through the Envisions Day Support program.

The program's goal is to help adults enhance skills that will increase their independence in the community. Participants enjoy a range of volunteer activities and projects within the community, arts and crafts, independently chosen activities they have interests in and local outings to parks, museums, and events.

The program offers options for services that individuals can choose from such as Group Day Services or Community Engagement.
