The Riverside Cancer Care Center provides skilled, compassionate and distinctive outpatient cancer services in a single, convenient facility. Because the best cancer care treats the whole person, not just the disease, the facility includes a healing arts garden, an informative patient library, a relaxing fireplace, pet therapy, massage therapy, art and music therapy and warm and comfortable furnishings and décor. The Cancer Care Center is also where you'll find Riverside's Patient Navigators and Nurse Educator.

The outpatient resource brings radiation oncology, medical oncology (including chemotherapy) and wide range of other care treatment services together into a single location.
