Triumph Living Center provides a planned day program for individuals with intellectual, developmental and/or physical disabilities. In 2009 Triumph opened up a professional Day Support facility to help serve clients. Triumph's Day Support

creates an atmosphere to allow the client to get the care that they need. The support center caters directly to the individual needs. Every individual is different and responds according to the level of support and quality of care. They provide services under the person-centered approach. Group Day Services are provided in groups of no more than one staff to seven individuals. They provide opportunities for peer interactions, community integration, career planning and enhancement of social networks. Supports may also be provided to ensure an individual's health and safety.
