English

The all volunteer network of Faith Inclusion Network Services helps faith communities develop inclusive ministries for people with disabilities (including children and youth with special needs) and helps families affected by disability to find welcoming and accessible places to worship in the South Hampton Roads area.

Meetings are held throughout the year to broaden awareness, share resources and better understand the spiritual needs of people with disabilities.

Networking opportunities for representatives of faith communities, parents, people with disabilities, and disability service providers are held periodically.

Call or visit the website for conference and networking information.
