Hearing Aid Services at Woodstock provides a comprehensive auditory counseling program with no additional charge beyond the cost of the initial fitting.

Once you have been fitted with the instrument of your choice you will receive unlimited counseling and adjustments until you are fully satisfied with your improved hearing. You will be seen at least every six months for follow-up cleaning and an electronic check of your hearing instruments.

We represent several major manufacturers so you can be assured of the most appropriate fitting for you in the style of your choice. Sizes are available from the smallest completely-in-the-canal to the most powerful behind-the-ear instruments available. We have circuitry ranging from a basic amplifier to state-of-the-art digital technology.

Service Area(s)

Shenandoah County
