Eggleston Services offers day support programs for persons with developmental or intellectual disabilities. The programs are designed to improve the quality of life for individuals with those disabilities through a social network of friends, a caring staff and meaningful and stimulating activities. The programs help those who attend to

develop and balance the emotional, intellectual and physical dimensions of their lives.

At the Tidewater Drive location, Specialized Services Division supports over 70 associates with significant intellectual disabilities. Part of this division is the Senior's program which offers retirement type services to individuals with disabilities over 50 years of age.

Please call for information.
