The Moran Hearing Aid Center provides a variety of hearing aid services including hearing assessments, and hearing assistive technology. The clinic also fits and dispenses sophisticated hearing aids and related devices to suit all types of hearing loss and lifestyles. Assessments regarding the level of amplification that would be best suited for a patient are generally completed following a comprehensive hearing evaluation by a qualified hearing healthcare professional. Products available include:

- Hearing Aids - Analog, programmable, and digital hearing aids are available from a variety of manufacturers and in all sizes, from behind the ear to completely in-the-canal.
- Hearing Assistive Technology - Devices such as amplified telephones, cell phone accessories, television listening systems, alarm clocks, telephone, and doorbell ring signalers, flashing smoke alarms, and personal listening systems to assist people to hear or be alerted to environmental signals, with or without hearing aids.
- Swim Molds, Noise Protectors, and Earmolds for Phone Headsets
