Holy Cross Hospital offers support groups and classes that focus on caregiver issues. Free support groups provide a place for caregivers to share their sorrows and problems, their joys and successes, find solutions and share resources.

Powerful Tools for Caregivers Workshop is a FREE seven week program designed for family caregivers of adults with chronic conditions, including dementia, to take care of themselves. The tools can help a caregiver reduce stress, improve caregiving confidence, communicate needs, make tough decisions and more. This webinar is free.
