STAR serves Arlington residents who have difficulty using public fixed-route transit due to the effects of age or disability. STAR riders share trips if they are generally traveling in the same direction at the same time. Trips are scheduled, with a few exceptions, without regard to the purpose of the trip.

STAR users must first be determined eligible for MetroAccess. STAR is a shared-ride paratransit service intended to provide a comparable level of transportation as provided by ART, Metrobus, and Metrorail. All rides are arranged in advance through the STAR Call Center, or STAR on the Web, or STAR IVR. STAR riders must preplan activities and schedule STAR trips in advance as same-day service is generally not available.

Free comprehensive, travel training is available to teach people with disabilities and older adults how to independently use public transit. Contact the ENDependence Center of Northern Virginia at (703) 525-3268 for information.
