English

Art on Wheels brings comprehensive arts programming to communities with limited access to the arts. Programs are entirely customized and adaptive to ensure age and ability appropriate programming, while gently pushing participant limitations in a positive and sensitive manner. Traveling with all supplies to instruct participants enables us to affect populations who face difficulties accessing conventional opportunities.

The Art and Disability program brings visual art activities to people with physical, developmental or intellectual disabilities. The curriculum focuses on methodology, an approach which maximizes cognitive engagement and critical thinking abilities.

Service area is Central Virginia. Please call for more information.

The Healing in the Arts program utilizes art making as a tool for promoting healing.
