NeuroRestorative is a leading provider of post-acute rehabilitation services for people of all ages with brain and spinal cord injuries and other neurological challenges. In a variety of locations and settings, we offer a continuum of care and rehabilitation options, including specialized services for children, adolescents, Veterans and Military Service Members.

Currently there are two community-based, inpatient treatment programs located in Virginia: Blacksburg and Weyers Cave. Staff provides an integrated based model with an ultimate goal of advancing through levels of independence to gain greater independence.
