Senior Services of Southeastern Virginia offers a Personal Care Program. If you need help with your activities of daily living during a period of illness or recovery, the Personal Care Program can help by linking you to agencies whose staff can assist you with bathing, food preparation, feeding and other self-care tasks. Our Options Counselor or Care Coordinator will assess your condition, help you develop a care plan, and arrange for the services through a licensed home health agency.

If your income is at the Federal Poverty level, there is no fee charged. If your income is higher, fees are based on a sliding scale.

Call a Resource Specialist at 757-461-9481 to start the process to receive short-term personal care services.
