The League for People with Disabilities offers year round camping and therapeutic recreation programs for youth and adults with disabilities.

Camp Greentop gives campers, regardless of their abilities, friendship, adventures and just plain fun that summer camp brings. Camp is located near Thurmont, Maryland. Youth and adults with disabilities spend a week canoeing, fishing swimming, horseback riding and singing songs next to a campfire under the stars.

Call for information about traditional camp for youth and adults with disabilities; or day camp for youth 7-21 in a structured daily schedule; or travel camp for adult campers to travel to points of interest during the summer.

Year round programs include weekend respite, winter camp, assisted travel and sailing.
