ZeneCare provides non medical personal care in the home. Caregivers have experience working with individuals living with Alzheimer's disease, dementia, Parkinson's disease, cancer, seizures and strokes. Personal care services can include assisting with activities of daily living, including assistance with mobility, bathing, feeding, hygiene, etc. Other services can include preparing a meal, managing medications, helping with some light cleaning and more.

Call for more information about personal care, companion care or in home assistance.
