Saber Healthcare, Nova Health and Rehab provides a rehabilitation center, including physical therapy, occupational therapy and speech therapy. An individualized program is created to meet the needs of each person. The mission is to return all patients to their highest level of functioning by developing customized programs. Outpatient therapy is also provided to those former inpatients who have successfully returned back home. Rehab can include stair/curb training, parallel bars, Kinesio taping, electrical stimulation, vital-stim, free weights, weighted pulleys, ADL kitchenette, vestibular therapy, pain management, orthotics/splinting, Nu-Step.

Onsite Personalized therapy is offered for amputations/prosthesis; arthritis; chronic pain disorders; cognitive dysfunction; edema control; multiple sclerosis; kinesio taping; orthopedic conditions; osteoporosis; post-trauma injuries from auto accidents; speech disorders; spinal injuries; strokes; swallowing disorders and more.
