Event Description

An exciting opportunity for Dads in Virginia! by PEATC

The objective of Dad Power is to offer outreach and support through workshops and webinars for all fathers and male guardians across the Commonwealth of Virginia ages 15 and up. This outreach program will build relationships that foster a sense of community, and provide support to fathers for their children's success. Dad's will explore issues that affect their lives as men and fathers and the impact those issues have on student success. Men will be given an understanding of five key protective factors to help them learn about their child's development and assist them in creating a healthy lifestyle for themselves and their children. Dad Power is for Men's Only!

There are a limited number of spots available for each training so please register early. Lunch is included to accepted applicants.

You must receive a confirmation to attend this event and you must commit to participating in the entire training.

Contact PEATC at 800-869-6782 or partners@peatc.org with any questions or cancellations; please do not contact the venue directly.
