Event Region

Statewide

Event Type

Webinar

Event Description

The Chronic Care Act: What it means for you in 2019 --Friday, March 22 | 2 pm ET / 11 am PT (Originally scheduled for January 30)

The booming senior population is creating unprecedented pressure on our health care system and social safety net. States, MCOs, area agencies on aging, health care providers, and community-based organizations all need to include the implications of the Chronic Care Act (CCA) into their ongoing strategies for serving adults with complex care needs.

This webinar will help you chart that course, as we identify the key components of the CCA most likely to affect you in 2019.

Register now

Reserve your place to identify funding provided by the CCA that can advance the mission of your organization:

- For states: develop an action plan to orchestrate services and supports that keep seniors in their homes longer and out of costly long-term care;
- For health care providers: uncover new services covered by Medicare and Medicare Advantage;
- For social service agencies: fund non-medical benefits, from bathroom grab bars and wheelchair ramps to transportation.

Join Tamyra Porter, Director of Healthcare at Navigant, as she breaks down the critical aspects of the CCA that will help shape the future of senior care in our nation.

Register today! You will receive a link to the recording and slides after the webinar
