Payment Method(s)

Private Pay

,

Private Insurance

,

Medicaid

,

Medicare

,

Tricare

Languages Spoken

English

Our therapy services incorporate the use of physical therapy, occupational therapy, and speech-language pathology to help those with developmental disabilities. Physical therapy is used to help improve functional mobility and strength, manage pain, and improve overall health while our occupational therapy services are used to help improve the activities of daily living and improve the quality of life. If a patient is experiencing speech or swallowing disorders, our speech therapists are also readily available to help progress a more effective form of communication.
