Greene Alliance of Church/Community Efforts, Inc. (GRACE) offers financial assistance to qualified families in Greene County that find themselves in emergency situations. Families are screened either by GRACE or by local agencies and community groups to determine the need. The criteria we look for is: (1) Is there a verified emergency, (2) Were the family's bills current before the emergency, and (3) Does the family have a balanced budget, and will they be able to maintain their

expenses after our assistance. Because not all families meet this criteria and every situation is different, call for more information.
