Fee Structure

Fixed Fee

MapMyWalk was created by Under Armour, the fitness apparel company, to get individuals moving. This mobile walk tracking experience is backed by the world's largest digital health and fitness community.

- track any kind of workout with your phone
- find support and motivation from other runners
- analyze your data in the app and make training plans
- sync the app with Under Armour Smart Shoes
- create and discover new routes and save your favorites for next time
