English

Transition is the process students and their families use to think about life after high school, to identify their desired outcomes, and to plan their community and school experiences to assure that the students acquire the knowledge and skills to achieve their goals.

VDOE's Transition Services website provides support, information, and resources designed to improve the outcomes of students with disabilities in transition from middle / secondary education to postsecondary education and employment.

The key to a successful transition is careful planning. Students must be actively involved in the planning process.
