United States

### Fee Structure

### Call for Information

An Individualized Education Program (IEP) is a written statement of the educational program designed to meet a child's individual needs within the school system. Every child who receives special education services must have an IEP in place in order to receive the accommodations and modifications needed to help them succeed.

Reclaimed Hope Initiative works with parents to help them identify their child's needs in the realm of the school day, and then help them feel confident in presenting their questions to the IEP team.
