Event Description

Hearing Health - Onsite and Online, on the 3rd Wednesday of the month from 10 until 11 am. January 19, 2022 will be Best Practices in Hearing Testing and Hearing Aid Care - Hearing testing and hearing aids have come a long way, both scientifically and with new technology. Are you being taken care of in the best ways possible to optimize your hearing, brain health, and hearing aid investment? Join Dr. Kristin Koch, Audiologist at Evolution Hearing. Free and open to all. February 16th: New Technology in Hearing Aids May 19th will be 10 Questions You Should Ask Before Purchasing Hearing Aids - Where do you begin in your search for hearing aids? How much do the devices cost? Join Dr. Kristin Koch, Audiologist at Evolution Hearing, to learn the most important questions you should ask before making the investment in your hearing health. Whether you've been wearing hearing aids for years, or are just thinking about it now, you'll benefit from attending! Open to all.
