No Fee

Project Achieve is a three-year grant-funded research project that provides specialized services to women with Traumatic Brain Injury (TBI) and/or Spinal Cord Injury (SCI) who are pursuing higher education or training in Virginia. Specialized services consist of using Cognitive Support Technology through iPads and individualized apps, a peer mentoring program, individualized case management, and vocational rehabilitation, and assistance with job placement and maintenance.

This is a time-limited service based on funding. The project is currently underway and will end by the Fall of 2022.

Service Area(s)

Statewide
