

Virginia Trip Planner ~ ConnectingVA

Overview

DRPT is developing and implementing a system for public, human service, and specialized transportation; mobility management; travel training; and transportation-supportive programs and services. This system will cover the entire state and all population demographics including individuals with disabilities, seniors, veterans, and individuals with opioid use disorder.

Virginia Trip Planner ~ ConnectingVA

DRPT wants to help you find the transportation services you need. The Virginia Trip Planner helps people plan trips with bus, rail, bikeshare, carpools, vanpools, and walking anywhere around the Commonwealth. DRPT provides information about transportation services and is Virginia's most thorough directory of public transit, human service, and specialized transportation services.

► Start by going to DRPT's ConnectingVA web page:

www.drpt.virginia.gov/work/virginia-transportation-and-mobility-directory

- Scroll down the page to the **GET CONNECTED** transportation widget
- Then click on the **Find Your Ride** button

► You can also download the [ConnectingVA App](#) from Apple or Google
