\$0.00

Event Description

The Parkinson Social Network (PSN) sponsors the Virtual Parkinson's Support Group. This month we will discuss Parkinson's Disease: Management of Non-Motor Symptoms with Dr. Justin P. Martello, MD, FAAN. Join us on Tuesday, April 23, 2024 from 10 am until 11:30 am.

We will watch and discuss the recording of Dr. Martello's recent presentation about non-motor symptom management in Parkinson's. He covers topics including autonomic changes, blood pressure and PD, Lewy Body Dementia, sleep/sleep apnea, fatigue, medical marijuana, nutrition and supplements, pain, progression of symptoms, psychiatric issues, and more. This is a recording of his Maryland Association of Parkinson Support (MAPS) presentation.

Our Virtual Parkinson's Support Group is a support group for those living with Parkinson's disease, caregivers, care partners, family members, and friends. To support our community, we host this support group the Fourth Tuesday of each month at 10:00am-11:30am. You are welcome to come anytime and stay for as long as you can.
