Event Description

FREE Social Security Consultation

1. Are you or a loved one turning 18 in the near future/next year (or already done so) and wondering about the purpose of the SSI age-18 re-determination or how to successfully apply for SSI (Supplemental Security Income) for the first time as an adult?

2. Do you know what the Disabled Adult Child benefit is and how and when to obtain it?

dLCV is here to help!

Sign up for a **FREE 60-90 minute private consultation** with our Social Security Advocate, Elizabeth Horn. The consultation can take place **face-to-face online** (from your computer or smartphone) or by phone only if you prefer. Note: dLCV does not assist in completing applications or appeals or represent individuals at social security hearings.
